

20260424 On Bringing Together a Family (of Demons)

Acts 2.22-23: "You who are Israelites, hear these words. Jesus the Nazorean was a man commended to you by God with **mighty deeds, wonders, and signs**, which God worked through him in your midst, as you yourselves know. This man (He's Us), delivered up by the set plan and foreknowledge of God, you killed, using lawless men to crucify him."

HOW THEY SEE THEMSELVES:

This group of criminals that
'work in [our] midst' -
See themselves as 'god'

and they are 'calling the shots'
by showing various
mighty deeds, wonders, and signs.

HOW THEY APPEAR IN REAL LIFE:

In reality, these criminals are a group of people that hold money as their god.

And this group of people is causing harm to us from early childhood, and into our adulthood,

as a number of people that are following the signs and wonders of money

to compose a giant demonic figure that haunts our collective and individual lives.

HOW THEY MAKE IT HAPPEN:

These 'signs and wonders' are the method by which this group of evil conspirators send out the 'vibration' of criminal activity that they seek to achieve in the real world around us.

Once you tune into the 'frequency' by which they operate - you can 'foresee' their plans and intentions, and if 'it' notices that you are watching them, then IT / they will not leave your world alone - ever again. (It will literally haunt your life - 24/7, 365 - forever I suppose - they haven't left my world for almost 5 years now.)

The theory that the Illuminati (or a similar elite group) is required to reveal their plans before implementing them is a facet of modern conspiracy theories, often termed "revelation of the method" or predictive programming. It suggests that by embedding future plans in pop culture, movies, or media, the conspirators fulfill a ritualistic requirement, gain tacit consent, and avoid karmic or spiritual backlash. — BBC +1

Key Aspects of the Theory

- **Revelation of the Method:** This concept posits that secret societies must reveal their intentions to the public in a subtle or hidden way before executing them.
- **Predictive Programming:** A related theory, often associated with this idea, suggests that the media and entertainment industries prepare the public for upcoming, often traumatic, events. Through popular culture, movies, and music, the masses are subtly conditioned to accept a New World Order, making unexpected changes easier to implement.
- **Symbolism in Media:** Proponents believe that Illuminati symbols—such as the All-Seeing Eye, pyramids, or numerical codes—are embedded in news, popular culture, and music videos to communicate their influence and plans.
- **"Hidden in Plain Sight":** The idea that the elite, such as those involved in the New World Order conspiracy, operate in the open, using symbolism and hints to signal their control. — The Week +4

Military influence on media involves a complex, symbiotic relationship where armed forces shape public perception, recruitment, and battlefield narratives through strategic communication, press access, and entertainment partnerships. The military uses press releases, embedded reporters, and expert analysts to project a positive image and control narratives, often aiming to secure public support and avoid scrutiny of operations. Key Aspects of Military Influence:

- **Embedded Journalism:** During conflicts, reporters are embedded with military units, often restricting their view of the battle and shaping coverage to align with military perspectives.
- **Public Affairs & Propaganda:** The military uses published information, briefings, and videos to distribute positive messages and ensure accountability, often blurring the line between information and propaganda.
- **Military-Industrial-Media Complex:** Defense contractors and military institutions maintain ties with media outlets, sometimes using analysts who have financial ties to the defense industry, as highlighted in studies on the Iraq War.
- **Media Relations & Censorship:** The military often manages access to combat zones, and at times has enforced media blackouts to control information flow during sensitive operations.
- **Hollywood & Entertainment:** The military actively collaborates with, and shapes content in, Hollywood films and TV, typically requiring scripts to show the military in a positive light, especially for recruitment purposes. [Wikipedia +7](#)

HOW DO I KNOW THESE THINGS?

The 'all-seeing eye' of the 'illuminati' inside of the United States government has taken up a residence inside of my home.

Every day, all day and all night, this 'presence' forces messages at my conscious awareness - and (likely) sub-conscious un-awareness as well.

The 'messages' that they force into my world have caused such a nuisance in my life that I have abandoned most media sources of television and radio altogether - I also limit my interaction with political campaigns, 'spam', 'solicitors' and many other people that surround me in the 'real world' now as well.

I am swearing to you, as an undeniable fact, that the 'all-seeing eye' of America the world is a group of criminals that are using their positions inside of the government and military intelligence agencies to spy on innocent people within their purview, and then use the knowledge that they gain from the illegal spying to 'run wild' around us - causing any number of various problems and sabotages in our life as a 'cancer' which is destroying the work-product of everyone that is not on their evil 'team'.

I am swearing to you, as an undeniable fact, that - just like the Bible writes about religions in a positive way - these demons are inverting the messages to use in a negative way against us.

I am swearing to you, as an undeniable fact, that the military is being used to spy on us, and to send out a signal of 'signs' and 'wonders' that members of their criminal conspiracy are using to guide them as a beacon toward the evil plans that they aspire to achieve.

WHAT ARE THEY SAYING TO ME NOW?

Today's post began with the immediate message into the first moments of my day that they intend to ignore the War Powers Act and carry on with their warfare (around the world, I suppose but for this particular message) in Iran - despite any deadlines that are upcoming that might stop them.

Here is an overview of the beginning of today's 'signs and wonders' that prompted me to write this description of their methods:

Trump has eight days to make up his mind on Iran

Babe Ruth says:
We will ignore all deadlines to end this 'short-term excursion'

Clock ticking on president's ability to wage war without congressional approval, limited to 60 days

'60 days, before the exceptions, and before the . . . we have no intention of following this law.'

Donald Trump has eight days before he will be forced to make up his mind on Iran.

(James, thank you for drawing our attention to this 'law')

He wants to end the unpopular war, but claimed on Thursday he was under "no time pressure" to do so.

(Trump's team reaffirmed this claim to me this morning)

In fact, the US president is bound by the 1973 War Powers Resolution, which limits his ability to wage war without congressional approval to 60 days.

(These are weak-minded people haunted by demons - they have no intention of stopping)

That deadline passes on May 1, 60 days after his formal notification of the war to Congress on March 2. (Watch and see!)

Ignore the deadline

Democrat and Republican presidents have argued that the war powers law is unconstitutional because the US Constitution gives sweeping authority to the commander-in-chief. (. . . the president has a 'license to kill.')

I can assure you that my 'imagination' is not this vivid.

I have either been made a witness to the largest criminal conspiracy in world history . . .

OR . . I have the innate ability to become the only criminal mastermind that is capable of creating a world-wide net of criminal demons that I use as hosts of my evil - - all while sitting in my house reading the Bible and attempting to live the best life that I know how.

(The military aircraft hovering around my home right now says - I am the Messiah.)(You're welcome world. De nada!)(No thanks is necessary.)

Whether they are making a new movie about my home or not . . this is the real world story have having a demon from inside of the government haunt our life without mercy.
